September 29, 2016

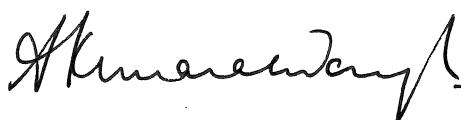

Dear Alumni,

Greetings from Rishi Valley!

We have recently undertaken a project for rebuilding the dispensary portion of our hospital complex. Over ten years ago we replaced the old infirmary with a two-floor modern one, but retained the dispensary as it was in good shape. Last November, however, due to heavy rains the dispensary building showed signs of distress and it became necessary for us to vacate the same. We have therefore decided to pull down the building and build a two-floor structure with the upper floor having a two-bedroom residence for the medical doctor. The ground floor will have a consulting room, emergency room and dispensary. The project details such as building plan and funding requirements are separately provided. We hope to complete the project by June 2017 when the new academic year begins.

It would go a long way in helping the school, and would be much appreciated by the school community, if the alumni could fund the project generously.

With warm wishes,

A Kumaraswamy
